LEADERSHIP & VOLUNTEER EXPERIENCE

Cyb Robotics Organization

Iloilo City, Philippines

Executive & Board Member of Research & Development Committee

Aug 2023 - Jul 2024

- Organized and led two coding and robotics workshops, instructing 90+ participants on Arduino programming, and created educational materials to simplify complex technical concepts.
- Analyzed data from personal robotics projects to optimize algorithms and improve robot performance, identifying trends and anomalies to support informed decision-making.

University Students' Alliance - College of ICT

Iloilo City, Philippines

College Unit Auditor

Aug 2022 - Jul 2023

- Collaborated with college unit officers to produce insightful reports and presentations detailing our use of allocated funds for student government activities
- Provided recommendations to improve or offer alternatives for money utilization to achieve desired outcomes.

Medical Mission

Iloilo City, Philippines

Crowd Control Committee Member

Dec 2019 - Jan 2020

- Managed registration for 150+ participants, ensuring accurate data entry and maintaining comprehensive records of all attendees and medical services received, contributing to the event's smooth operation.

WORK EXPERIENCE

Department of Science and Technology Region VI

Iloilo City, Philippines

Regional Standards and Testing Laboratory Student Intern

Jun 2019- Aug 2019

- Conducted microbiological and chemical analysis of materials and products weekly to ensure compliance with regulatory standards, emphasizing quality control and accuracy in testing methods.
- Collected and interpreted data from laboratory experiments, identifying trends and anomalies to facilitate informed decision-making processes.

West Visayas State University - Main Campus

Iloilo City, Philippines

Volunteer Student Assistant, Management Information Systems Office

Aug 2024 - Present

- Developed a WordPress-based sample website, ensuring accurate data summarization and visualization to meet project specifications.
- Utilized Excel to manage and verify data accuracy for university ISSP documents, such as Summary of Investment and Cost Breakdown, ensuring integrity through data validation and cleaning processes.
