DR. MA. BETH S. CONCEPCION

Dean, College of ICT

This University

Dear Dr. Concepcion,

Warm greetings of peace and prosperity!

As the academic year draws to a close, it is with great honor that I write on behalf of the **University Student Electoral Committee (USEC)** to recommend its dedicated college committee members for the prestigious **College Service Award**.

Throughout the academic year, the members of USEC and CSEC have consistently exhibited exceptional commitment, professionalism, and integrity in carrying out their duties. Their diligent efforts in upholding democratic student processes, facilitating fair and transparent elections, and supporting student leadership transitions have made a significant impact on the university's student governance.

The dedication they have shown—often beyond what is required of them—reflects a deep sense of responsibility and an enduring commitment to the values of servant leadership and institutional excellence.

In recognition of their remarkable service and valuable contributions to the university community, I wholeheartedly **endorse the members of the College of ICT Student Electoral Committee as deserving recipients of the College Service Award**.

Attached to this letter is the official list of College of ICT SEC committee members being recommended for the award.

Thank you for considering this endorsement.

Yours in the Service of Students,

ROFA MAE MEDINA
